The CAR (Conference Agenda Report) is discussed and voted on every 2 years worldwide. Our region will send a representative to *vote for us as we want!*

First, we will present the Conference Agenda Report (CAR), discuss and review with all CIRNA members.

Second, GSR's will take information to their groups to get a home group consensus and vote.

Third, GSR's will need to bring the vote to their respective Areas so that the RCM's can then bring the Area vote to our Regional meeting in March.

Finally, based on the direction of the membership at large, your Regional Delegate will vote on behalf of our region
